

British Literature Summer Reading SY 2019-2020

Hafa Adai Seniors! For this summer's reading, you will need to read two novels: *Frankenstein* by Mary Shelley and one of your choice. Please select your second novel from the list below:

- *Animal Farm* by George Orwell
- *Lord of the Flies* by William Golding
- *The Time Machine* by H.G. Wells
- *The Picture of Dorian Gray* by Oscar Wilde
- *To the Lighthouse* by Virginia Woolf
- *Atonement* by Ian McEwan

Books can be purchased online or at any bookstore. If possible, these books can be borrowed from the library or from someone who is willing to share. The books chosen are from the British Literature Canon. During the course of reading, please annotate for better understanding. Sticky notes or keeping a notebook for annotations is highly encouraged.

Be prepared for novel discussions and group presentations for the books you've read when we return in August. Group presentations will include plot, characterization, themes, literary devices, and authorship.

Happy Reading!
